SENIOR MOBILE ENGINEER

Accomplished Flutter and React Native developer with deep expertise in engineering high-performance, scalable mobile apps for iOS and Android. Adept at architecting clean, modular code, integrating native functionality, and collaborating cross-functionality to tackle complex challenges. Passionate about crafting innovative, user-centric experiences that exceed client expectations. Proven track record delivering polished, full-featured applications optimized for performance and maintainability.

SKILLS SUMMARY

- Languages: Dart, C, SQL, TypeScript, C#, Swift
- Frameworks: Flutter, React Native, SwiftUI, Next.js, React.js, Express.js, .NET
- Tools: GitHub, Jira, Asana, Trello, Google Cloud, AWS, Microsoft Azure, Google Sheets, PostgreSQL
- Soft Skills: Problem-Solving, Proactive, Detail-Oriented, Critical thinking, Strong Communication

PROFESSIONAL EXPERIENCE

Cndo I Germany	Mar 2024 - Jun 2024
Senior Mobile Engineer	
Integrated new API, replacing 50+ cloud functions in 3 weeks, significantly boosting efficiency. Slashed home screen load time by 80-93% (from 15-20s to 1-3s). Redesigned API architecture, substantially reducing calls and optimizing data retrieval. Spearheaded cross-functional collaboration for seamless front/back-end integration. Delivered high-impact solutions, markedly improving system performance and user satisfaction.	
Scholarly I Singapore	Jan 2024 - Mar 2024
Full-Stack Developer	
Overhauled state management from Provider to BLoC. Integrated Very Good Ventures analysis, achieving full type safety for improved reliability. Managed and updated cloud function email templates, ensuring reliable communication. Delivered significant improvements in code quality, performance, and scalability.	
Kreios I Luxembourg	Oct 2023 - Dec 2023
Senior Flutter Engineer	
Expedited Flutter mobile app development, delivering initial version in 2.5 months vs. 4-month target. Led team collaboration, ensuring seamless component integration and boosting project efficiency.	
TiQuest I Luxembourg	Oct 2021 - Oct 2023
Flutter Developer	
Migrate null safety and enhance performance. Maintained mobile app for 81 months with continuous improvements. Rapidly developed new Flutter app with Riverpod and WebSocket in 3 weeks.	

EDUCATION & CERTIFICATES

Bachelor of Computer Engineering
Ankara University
GPA: 3.39/4

Node + Express + MongoDB Certificate
Pixolity

EXTRACURRICULAR ACTIVITIES

Member
Ankara University IEEE Club

Member
Ankara Google Developer Club
