## Summary

Accomplished mobile app developer with deep expertise in engineering high-performance, scalable applications for iOS and Android. Skilled in designing and implementing structured, modular code, integrating native functionality, and collaborating cross-functionally to tackle complex challenges. Proficient in frameworks like Flutter and React Native. Focused on creating innovative, user-centric experiences that enhance mobile application functionality and performance.

## Skills

**Languages:** Dart, TypeScript, Swift, C, C#, SQL

**Frameworks:** Flutter, React Native, SwiftUI, Next.js, React.js, Express.js, .NET

**Tools:** GitHub, Jira, Asana, Trello, Google Cloud, AWS, Microsoft Azure, Google Sheets, PostgreSQL

**Soft Skills:** Adaptable and proactive problem-solver with strong attention to detail, critical thinking abilities, and excellent communication skills for effective collaboration.”

## Professional Experience

### CNDO

Germany

*Senior Mobile Engineer (freelancer contractor)*

Mar 2024 - Jun 2024

- Boosted efficiency by integrating new API, replacing 50+ cloud functions in 3 weeks only.
- Slashed home screen load time by 80-93% (from 15-20s to 1-3s)
- Redesigned API architecture, substantially reducing calls and optimizing data retrieval
- Spearheaded cross-functional collaboration for seamless front/back-end integration
- Delivered high-impact solutions, markedly improving system performance and user satisfaction

### Scholarly

Singapore

*Full-Stack Developer (freelancer)*

Jan 2024 - Mar 2024

- Overhauled state management from Provider to BLoC
- Integrated Very Good Ventures analysis, achieving full type safety for improved reliability
- Managed and updated cloud function email templates, ensuring reliable communication
- Delivered significant improvements in code quality, performance, and scalability

### Kreios

Luxembourg

*Senior Flutter Engineer (freelancer)*

Oct 2023 - Dec 2023

- Expedited Flutter mobile app development, delivering initial version in 2.5 months vs. 4-month target
- Led team collaboration, ensuring seamless component integration and boosting project efficiency

### TiQuest

Luxembourg

*Flutter Developer (freelancer)*

Oct 2021 - Oct 2023

- Migrated to null safety and enhanced performance
- Maintained mobile app for 18 months with continuous improvements
- Rapidly developed new Flutter app with Riverpod and WebSocket in 3 weeks

## Education

**Bachelor of Computer Engineering**

2020 - 2024

Ankara University

Ankara, Turkey

GPA: 3.39/4.0
